PROJECT/INTERNSHIP EXPERIENCE

Perfect Square Number Detective using C language

- "This project is a program that takes a number with 3 or fewer missing digits represented by underscores. The program will determine if the number can be a perfect square. If it can, it will provide the largest possible perfect square number as the output; if not, it will output 'Not possible.'"

ADDITIONAL LEARNING / ACTIVITIES

- Learning fundamentals of Cybersecurity and Ethical Hacking through online platforms (TryHackMe, Hack The Box).
- Exploring Linux and Python

LANGUAGE PROFICIENCY

- Telugu: Native
- English: Fluent (Speaking, Reading, Writing)
- Hindi: Intermediate (understanding good, speaking moderate)
